For this and other important information about investments offered through your Plan, you may obtain mutual fund prospectuses for registered investment options and/or disclosure documents from your registered representative or Plan website. Read them carefully before investing.

- ¹ Generally, the asset allocation of each target date fund will gradually become more conservative as the fund nears the target retirement date. The date in a target date fund's name is the approximate date when investors plan to start withdrawing their money (which is assumed to be at age 65). The principal value of the fund(s) is not guaranteed at any time, including at the time of the target date and/or withdrawal. For more information, please refer to the fund prospectus and/or disclosure document.
- ² Access to the voice response system and/or any website may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance or other reasons. Transfer requests received on business days prior to close of the New York Stock Exchange (3:00 p.m. Central Time or earlier on some holidays or other special circumstances) will be initiated at the close of business the same day the request was received. The actual effective date of your transaction may vary depending on the investment option selected.
- ³ The account owner is responsible for keeping their PIN/Passcode confidential. Please contact Client Services immediately if you suspect any unauthorized use.
